Additional Wing Champ Rules:

Wing:

- The Side Panels (sails) and Top can be flat or curved and set at any angle.
- The wing must be mounted stationary and is **not** allowed to float.
- No air holes allowed in any panel on the wing.

Engine:

→ Stock Predator Harbor Freight 212 Engine

- All internal components must remain stock OEM.
- Hemi or non-hemi head **ONLY**.
 - No aftermarket: cams, stock valve springs, or stock ignition.
 - Valve springs cannot exceed 10.8 & 18lbs and must meet current AKRA specs.
- Factory flywheel must stay in a factory fixed position.
- OEM carburetor.
 - Can remove all governor related items and low oil shut off.
 - Drilling of jets only.
- Can install an exterior fuel pump and floor mount tank.
- Air filter adapter allowed.
- Baseline for weekly tech will be based off a stock Harbor Freight 212 motor.

→ Claimer Rule for Jr. Wing Champ Classes (\$150)

- Any engine can be claimed by a racer in the class after qualifying or feature.
- A claimed motor will include only the main block, not carburetor, tins, pipe, clutch, clutch guard, and fuel rail.
- Engines will be tagged and surrendered at the end of the night.
- Refusal to surrender the motor will result in disqualification, loss of points, and 1 week suspension.
- Track reserves the right to claim any engine at any time.
- The track may require any participant to run a track supplied block or swap with a competitor.
- Two (2) claims per driver, per year limit.

Speedway Location: 21047 NY-411, La Fargeville, NY 13656
